CODE OF CONDUCT FOR CUSTODIANS OF PEOPLE WITH SPECIAL NEEDS

Revised January 21, 2016

Introduction

The Code of Conduct, as set forth in the Code of Conduct itself, sets forth a framework intended to assist impacted volunteers to help people with special needs “live self-directed, meaningful lives in their communities, free from abuse and neglect, and protected from harm,” in addition to the specific guidance provided by the agency’s policies and training.

Similarly, the Notice to Mandated Reporters contains guidance designed to assist mandated reporters, and is intended to provide a summary of reporting obligations for mandated reporters. It is not intended to supplement or in any way add to the reporting obligations provided by law, rule, or regulation.

As provided by law, rule, or regulation, only custodians who have or will have regular and direct contact with vulnerable persons receiving services or support from facilities or providers covered by the *Justice Center Act* must sign that they have read and understand the Code of Conduct.

The framework provides:

1. Person-Centered Approach

My primary duty is to the people who receive supports and services from this organization. I acknowledge that each person of suitable age must have the opportunity to direct his or her own life, honoring, where consistent with agency policy, the right to assume risk in a safe manner, and recognizing each person’s potential for lifelong learning and growth. I understand that my job will require flexibility, creativity and commitment. Whenever consistent with agency policy, I will work to support the individual’s preferences and interests.

2. Physical, Emotional and Personal Well-being

I will promote the physical, emotional and personal well-being of any person who receives services and supports from this organization, including the protection from abuse and neglect and reducing risk of harm to others and themselves.

3. Respect, Dignity and Choice

I will respect the dignity and individuality of any person who receives services and supports from this organization and honor his or her choices and preferences whenever possible and consistent with agency policy. I will help people receiving supports and services use the opportunities and resources available to all in the community, whenever possible and consistent with agency policy.

4. Self-Determination

I will help people receiving supports and services realize their rights and responsibilities, and, as consistent with agency policy, make informed decisions and understand their options related to their physical health and emotional well-being.

5. Relationships

I will help people who receive services and supports from this organization maintain or develop healthy relationships with family and friends. I will support them in making informed choices about safely expressing their sexuality and other preferences, whenever possible and consistent with agency policy.

6. Advocacy

I will advocate for justice, inclusion and community participation with, or on behalf of, any person who receives services and supports from this organization, as consistent with agency policy. I will promote justice, fairness and equality, and respect human civil and legal rights.

7. Personal Health Information and Confidentiality

I understand that persons served by my organization have the right to privacy and confidentiality with respect to their personal health information and I will protect this information from unauthorized use or disclosure, except as required or permitted by law, rule, or regulation.

8. Non-Discrimination

I will not discriminate against people receiving services and supports, or colleagues, based on race, religion, national origin, sex, age, sexual orientation, economic condition or disability.

9. Integrity, Responsibility and Professional Competency

I will reinforce the values of this organization when it does not compromise the well-being of any person who receives services and supports. I will maintain my skills and competency through continued learning, including all training provided by this organization. I will actively seek advice and guidance of others whenever I am uncertain about an appropriate course of action. I will not misrepresent my professional qualifications or affiliations. I will demonstrate model behavior to all, including persons receiving services and supports.

¹No aspect of this Code of Conduct is in any way intended to interfere abridge or infringe upon the rights provided by the *Taylor Law*.
