

County.

This health emergency continues to take a great toll on many Long Islanders. Our public officials and school administrators are working together to make decisions about what the "school day" will look like. The one thing we know for certain is that children will still need school supplies to help them learn, develop as students, and foster their creativity in writing, reading, art, and other subjects. Please consider joining **Bethpage** and other generous donors as we collect educational supplies and donations for more than 3,000 children living in Suffolk
