FSL held an in-person and virtual Ribbon Cutting event on Friday, May 14th to celebrate the opening of its new health care facility. The **Fay J. Lindner Health & Wellness Center** is on the **Judith & Thomas Iovino Campus** in Bay Shore. This is an innovative model of care offering a high level of co-located health services which will benefit those most vulnerable in our community.

The new facility includes teams of psychiatrists, social workers, and Genoa Pharmacy, as well as South Shore University Hospital Northwell Health medical personnel as part of the Community Health Care Collaborative.

Our thanks to the Fay J. Linder Foundation, the Iovino Family, the Empire State Development Department, South Shore University Hospital, and the many generous donors who joined our efforts and worked with us to help make this vision of care into a reality for Long Island's South Shore residents. This unique center is another facet of FSL's broad base of over 60 programs. All of which support and empower people, and their families, on their path to better, healthier lives.
